Palestine ISD Schools

Grades 7-12

Student Technology Agreement & Regulations - Mobile Devices

The Student Technology Agreement & Regulations is between the student and Palestine ISD, and is subject to the terms and conditions below. The term "mobile device" includes all components: the physical device, applications, power cords, case & peripherals. The student is a licensee with right to use the technology equipment during the term of this agreement subject to all other terms and conditions stated herein. The student is responsible for the security, care, custody, and control of the technology equipment at all times. The student shall not allow unknown or unauthorized individuals to use or access the Technology equipment. The student is responsible for the actions of others while in possession of the technology equipment. The student will not allow any other person to access his/ her network student account or password. The student has no expectation of privacy with respect to his/her use of the technology equipment. Personal use of the technology equipment is authorized provided that such use does not interfere with performance of the student's schoolwork and does not otherwise violate any other provision of this agreement. The student shall be responsible for maintaining any confidential information of the technology equipment.

_____I understand and agree it is my (student & guardian) responsibility to provide a safe and secure environment for the technology equipment assigned to me. I understand that I will be charged the replacement cost of the technology cost if found negligent in this responsibility.

_____I understand that stolen equipment must be reported to the principal and appropriate staff within 48 hours or I am held responsible for the replacement cost of the technology equipment and an authorized school form must be filled out at my campus.

_____I understand that if I lose equipment due to negligent behavior or use outside of instructional parameters, that I will be charged the full replacement cost of the mobile device. Loss due to negligent behavior is not considered a criminal act or a case through local law enforcement and will not be covered by insurance.

_____I understand that stolen equipment must be reported to the law enforcement and it is my responsibility to file a police report and give a copy to Palestine ISD.

_____I understand in the case of lost or stolen technology equipment, the District reserves the right NOT to issue a replacement.

_____I understand that I am expected to abide by the district's Student Responsible Use Guidelines, which extends to both home use and school use of the technology equipment.

_____ I understand that failure to follow the guidelines and regulations listed in the aforementioned document, or the Student Responsible Use Guidelines, and/or use of technology equipment to violate school, district, state, or federal laws may result in disciplinary action.

_____I understand that I may maintain possession of the technology equipment so long as I am a student with Palestine ISD. I agree to return the technology equipment upon transferring to another school, or upon the district request. I authorize the District to charge for the total replacement cost of the technology equipment that has not been returned. I further understand that the District may choose to pursue legal action if I do not return the technology equipment.

Mobile Devices

_____I understand the district provides a protective covering for my mobile device and my device must remain it the case at all times. Damage to the device when out of the protective covering will be my financial responsibility.

_____I understand the district provides a protective covering and pays for additional warranties and insurance to protect the screen of my device. More than one cracked or damaged screen in one calendar year will by my financial responsibility.

_____I understand that the district will enroll my device in the district mobile device management server to push out appropriate settings and apps for each grade level. Deliberate removal of the device from the server will result in loss and/or disciplinary action.

_____I understand that fees and charges will follow me, as the student, through my time at Palestine ISD, and I may not participate in graduation ceremonies until all fees are cleared from my record.

Campus:

Name:

Student ID number:

Mobile Device Model:

Serial #:

Asset #:

The technology equipment that I have been assigned is listed in detail above. I have verified that I have received the technology equipment that match the serial/ asset numbers above. I have read this agreement and agree to the terms as stated.
