June 27, 2017

Welcome to Palestine ISD!

It is my pleasure to welcome you as a new teacher for the 2017-2018 school year. We are delighted that you have chosen to be a member of the PISD faculty.

Our teachers enjoy the opportunity to work with students in a multitude of programs and instructional settings. Your teaching assignment might be in a science department, a Career and Technical Education class for agriculture, broadcast journalism, health science, welding, robotics, etc., a first grade classroom, or as fifth grade Language Arts teacher with instructional coaching duties. Whatever your assignment may be, we look forward to the value you add to the success of Palestine ISD students.

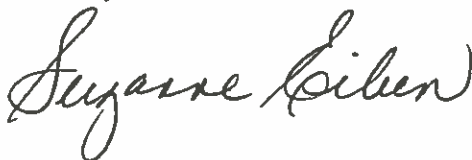

The 2017-2018 school year will begin with training and orientation. On Thursday, August 3, 2017, you will receive training for using various systems such as attendance, gradebook, and curriculum documents. This training will be conducted in several of our computer labs. You will be notified prior to the August 3 training date of the location where you will participate in training.

Then, on Monday, August 7, 2017, we will host a new teacher breakfast and orientation. This orientation will be at Story Intermediate School at 7:30 a.m. At this time, you will meet our PISD Board of Trustees members and administrators and directors that you may be working with throughout the school year. After the breakfast, welcoming and instructions time, we will provide information that will assist you as an employee in Palestine ISD.

Professional dress is expected for orientation days.

Again, thank you for choosing Palestine ISD. We are excited to begin a new school year and we look forward to working with you for the benefit of super students!

Sincerely,

Suzanne Eiben
Assistant Superintendent
